

Ways and Means Committee Report

December 2009

PEARL's Ways and Means Committee looks for ways to fill PEARL's coffers while delivering value to the membership. Luckily for us, PEARL is pretty good at raising money and having fun at the same time. With that in mind: It's Raffle time again!! \$3000.00 CASH can be yours if your ticket comes up at the PEARL annual conference next Spring. Tickets will be \$15.00 each this year, so make sure you do not miss this chance to make some GREEN\$\$\$.

Ways and Means would like to thank our sponsors for supporting the PEARL raffle:

- Byerley Metals, Houston, Texas – Circuit Breaker Plating
- Electrical Test Instruments, Maryland – Circuit Breaker Test Sets Manufacture and Test Equipment Calibration www.ElectricalTestInstruments.com
- Thyritronics, Inc. – Circuit Breaker Trip unit and Programmer repair and calibration. www.thyritronics.com
- Coastal Switchgear, Inc. – Electrical Testing and Maintenance of Electrical Equipment. www.coastalswitchgear.com
- Quality Switchgear, Inc. – Electrical Equipment sales and service. www.qsi.com

The raffle tickets can be purchased from any PEARL board member or Mark Stone. Tickets will be available starting December 16, 2009. The raffle will be held at PEARL's 13th annual conference in Denver, Colorado on April 26th at the Reception and Awards Presentation. You don't need to be present to win, so get those ticket orders in now!

Ways and Means is also working hard on a new PEARL store where you get the latest PEARL merchandise and show your support. T- shirts, collar shirt and caps can be purchased from Mark Stone at 1-877-287-3275 or email: pearl@pearl1.org.

You'll look great sporting the PEARL Logo!

Thanks again for your time and patience, and best of luck in 2010!

Malcom Fredericks, PEARL Committee Chair: Ways and Means, Technical Coastal Switchgear and Controls, Inc.
